

Counterfeit Parts Prevention Policy

A.H. Systems, inc. has adopted this Anti-Counterfeit Policy to eliminate the impact of counterfeit products on A.H. Systems and its customers. This is a zero tolerance Policy against knowingly and intentionally trafficking in counterfeit goods. To support this policy of ensuring that there is a low risk of counterfeit products entering our supply chain, A.H. Systems maintains processes to ensure purchases are only made directly from the Manufacturer or Manufacturer approved sources. This is accomplished through compliance with SAE AS6496 Fraudulent/Counterfeit Electronic Parts: Avoidance, Detection, Mitigation, and Disposition – Authorized/Franchised Distribution. Should a suspect counterfeit or counterfeit product be found, A.H. Systems shall quarantine such material and report the finding to the supplier and appropriate authorities. This policy shall be communicated, understood, implemented, and maintained at all levels within A.H. Systems.
